TRAINING LEADERSHIP / BANKING OPERATIONS

Lorne Hopkins

Training Manager | Learning and Operational Performance

Phoenix, AZ • 602-386-8710 • LorneH12@gmail.com

Portfolio / **LinkedIn**

Training leadership grounded in operational experience.

Training leader with experience spanning banking customer service, training management and enterprise learning. Connects onboarding, process training, coaching and quality feedback to employee readiness. Combines hands-on instructional design with leadership experience at Concentrix and regulated financial-services work at American Express, Charles Schwab and USAA client programs.

01 / EXPERTISE ALIGNED TO WIPRO

Lead operational learning. At Concentrix, led training across client programs, aligning learning with employee readiness and operational performance. Connected training, quality feedback and coaching to address performance gaps.

Prepare customer-service employees. Delivered process, compliance and customer-service training for American Express and USAA client programs, using role-play, structured shadowing and call calibration.

Build and improve training. Develop onboarding resources, videos, job aids and digital learning. Use learner feedback and stakeholder input to refine delivery and support employees through changing procedures.

02 / ENTERPRISE TRAINING AND ENABLEMENT

American Express

Change Manager and Training Administrator | Jan 2026–Present

Support enterprise technology adoption through training videos, live learning, stakeholder communications and feedback analysis. Current work includes the Jira Data Center and Rally-to-Jira Cloud migration.

60K	60+	7
Approx. impacted population	Jira sessions delivered	Learner personas

Design for different users. Create learning and adoption resources across seven personas and coordinate enablement across six global time zones.

Use feedback to improve delivery. Analyze Qualtrics surveys, session chats and transcripts to surface learning needs. Learner feedback helped inform interactive demonstrations and Q&A, with AI-assisted theme analysis reviewed by people.

Additional enterprise initiatives: Confluence Cloud, SAP Fieldglass and data center transfer.

03 / EXPERIENCE ACROSS TRAINING AND OPERATIONS

LAJH Endeavors PLLC

Founder and Change and Learning Consultant | Mar 2023–Jan 2026

Translated stakeholder and SME input into digital learning, technical-training videos, job aids and performance support. Managed learning projects from needs analysis and planning through development, review and refinement, including AI-assisted drafting with human quality review.

Charles Schwab

Instructional Design and Project Delivery | Aug 2017–Mar 2023

Designed learning for client-facing tools, onboarding, upskilling and compliance in a regulated financial-services environment. Developed self-directed learning journeys and SharePoint learning hubs to help employees find and use learning resources.

Partnered with SMEs and business teams to turn complex requirements into learner-centered materials. Coordinated schedules, deliverables and review cycles through launch readiness and refinement; also facilitated training.

Concentrix

Training Manager | Oct 2014–Aug 2017

Led training across client programs and aligned learning with operational performance and employee readiness. Connected instructional design, quality feedback and coaching to identify and address performance gaps.

Gatestone

Corporate Trainer | Aug 2008–Mar 2014

Delivered customer-service, process and compliance training for American Express and USAA client programs. Used role-play, structured shadowing, call calibration and coaching to reinforce effective performance.
